# Kundan Kumar Gupta

## Full Stack Web Developer

### PROFESSIONAL SUMMARY

Dynamic full-stack web developer with robust expertise in JavaScript and MERN stack (MongoDB, Express.js, React.js, Node.js). Adept at creating functional, scalable applications and integrating Generative AI technologies. Excels in collaborative environments and swiftly mastering new tech stacks to enhance development processes.

### WORK EXPERIENCE

#### New Touch Technology

Sales Executive Officer

August 2016 - December 2021

#### Job responsibilities:

- Established in 2001, New Touch Technology provides hi-tech paint shops and supports industries in India and abroad in setting up turnkey surface finishing plants.
- Visit: [www.nttpowdercoating.com](http://www.nttpowdercoating.com) (Develop & Manage by me)

### PROJECTS

#### 1. Ecommerce Project | |

JavaScript | React | RESTful APIs | HTML5 | CSS3 |

- Developed a responsive e-commerce project using React JS, Chakra UI, HTML5, CSS3, and JavaScript, integrating RESTful APIs for real-time data updates.
- Implemented user authentication, including login functionality and Dark/Light Mode for enhanced user experience.
- Optimized performance and responsiveness across both desktop and mobile platforms.

#### 2. MyNetDiary | |

JavaScript | React | HTML5 | CSS3

- Developed a clone of MyNetDiary.com using React.js, HTML, and CSS, replicating the look and feel of the original website.
- Implemented a component-based UI with dynamic navigation and a blog section.
- Ensured code modularity and reusability through effective use of React components.
